This document will provide you an overview of the activity of the Academy for 2018. The Academy addresses the second goal of IALA’s strategic vision for all coastal states to have contributed to an efficient global network of marine AtoN and services for the safety of navigation, through capacity building and sharing of expertise.

**TRAINING**

“The successful delivery of AtoN services depends upon competent and experienced personnel to implement and maintain such aids”

**L1 AtoN Manager Training** in the following countries:

South Africa, Morocco, France, Suriname, China, Ecuador, India and Malaysia

Training Seminar on the use of the IALA Risk Management Toolbox in South Africa.

Risk Assessment using SIRA, IALA Headquarters, Fiji.

Master AtoN Management Course, IALA Headquarters.

Risk Assessment using IWRAP MK2, IALA Headquarters and in Japan.

The Academy has an ongoing **Distance Learning Course** for Level 1 AtoN Managers.

We aim to meet with the **Academy Alumni**. They effectively fulfil the role of **IALA Ambassadors** as they are an important force to spread maritime safety awareness and promote AtoN Training and Capacity Building around the world.
